Good morning,

Thank you so much for your help and addressing this matter so quickly. San Augustine County is simply wanting to ensure there are no interruptions in payment or service after the purchase of Terrill Petroleum by Hubert Glass.

Just for clarification, San Augustine County is wanting to confirm that Hubert Glass, as purchaser/successor of Terrill Petroleum, is accepting and taking on all obligations associated with the fuel bid previously awarded to Terrill Petroleum until the end of the County's fiscal year (September 30, 2026). Is the County's understanding correct?

Also, is the County's understanding correct that any past due amounts on any accounts for the County and any future payments for fuel supplied to the County from this date forward are payable to Hubert Glass, pursuant to its purchase of Terrill Petroleum?

Thank you.

Yes, we are taking over the obligation from the bid. Since Terrill Petroleum did not share the information with us, would it be possible to request a copy of the bid award for our clarification?
Also, yes, all payments from the County should be made payable to Hubert Glass Oil Co.

Thank you for your assistance!

This is your question. With freight, I am not sure how that will work out.

Good morning,

Ashley informed me that you needed the attached letter.

She also informed me that you requested Net 20 terms. We actually do have Net 20 terms I will put your accounts on.

She also said that you weren't sure which accounts we have, so I have copied Amanda whom worked at Terrill and now is employed with Hubert Glass to help you with that question.

When Amanda responds, I will change all the accounts she lists to Net 20 for you.

Let me know if there is anything else you need.
